

## **FAST DECK**

### **HARDWOOD SCREWS**

**Command Cap**- with reverse threading ensures countersunk everytime

**RevSet Neck**

**Twister Thread**

**VelociRam Tip**- engineered for all hardwood

BestRam is designed for the toughest of hardwoods. BestRam's Spiral Set head is able to remove wood chips instantly and provides a perfectly flush finish while spiraling firmly into the wood.

Special Hurricane Thread and BestRam point quickly grabs and drills fast into the toughest of hardwood, hard gypsum board and plasterboard. It also prevents wood split even close to the edge with low driving torque. No pre-drilling required.

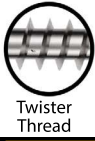

- ✓ **No pre-drilling required**
- ✓ **Quick start and smooth drilling**
- ✓ **Reduced splitting near wood edges**
- ✓ **Clean, burr-free countersinks**
- ✓ **Stainless steel construction for excellent corrosion resistance and outdoor durability**

Torx/ Star Drive
