

FAST STITCH

ROOFING SCREWS FOR METAL

Fast Stitch Roofing Screws are available in either Unpainted or Painted to closely match many brands of metal roofing though color may vary.

Colored roof screws head are painted with a two part polyurethane for longer product life.

The Drill Point securely fastens metal roofing to metal structures quickly and easily.

Hex head with bonded washer, provides superior watertight seal.

Heavy galvanized and Ruspert painting for enhanced durability and corrosion resistance against harsh weather conditions.

- ✓ ***Watertight seal***
- ✓ ***Assorted colors available***
- ✓ ***Fastens metal roofing to metal structures quickly***
- ✓ ***Corrosion resistance***
